

□ 2006 □
MEADOW LAKES CAMPGROUND

December 15, 2006

Dear Friend,

Again in 2006 the Kansas District Church of the Nazarene will allow limited fishing permits for the Meadow Lakes Campground near Newton. Following are the stipulations for receiving a **2006 Fishing Permit**:

- **Complete and submit the enclosed Registration Form along with the annual fishing fee of \$25 for the first family member, and \$10 for each additional immediate family member (spouse or minor child) living in the same household.** Your permit card will be mailed to you the first week of January 2006. **Your card must be presented should any authorized staff persons at the camp ask for identification.** Each person fishing must have their own permit. The Kansas District office will notify permit holders of any changes of policy made during the permit period.
- **Please abide by the posted regulations at the camp as well as the enclosed Fishing Policy sheet.** To help keep up the fish population, catch and release of larger fish, as stated, is required and appreciated. Note also that **no motorized sport vehicles** are allowed on the campground property ("sport vehicles" includes motorcycles, minibikes, go-karts, 4-wheelers and ATV's)
- **Please take all trash with you.** Help us maintain clean grounds.
- We ask that you call the district office prior to each of your fishing dates to receive updated information and so that we can track campground use during the year. **All campground use (fishing, tent camping, RV camping, gazebo, lodge, or pavilion) must be reserved and approved through the district office:**

**Kansas District Church of the Nazarene
260 N. Rock Rd. #202
Wichita, KS 67206
316-686-2332**

Thank you for your interest and consideration of these matters.

Sincerely yours,

Meadow Lakes Campground Management
